

## LCC K-9 Comfort Dog Obstacle Course!

Build your very own obstacle course to train your Comfort Dog!

First, color and cut out your  
LCC K-9 Comfort Dog

Next, find 10 things in your house that you can build an obstacle course for your Comfort Dog. (Examples: Lego blocks, tape dispenser, markers, deck of cards, etc.)

Then, build the obstacle course and have your Comfort Dog practice the course at least 3 times. More if needed!

When you are ready, share with a family member and, if you can, video your Comfort Dog going through the obstacle course and send it to your teacher!
