

LCC CONNECTS GENERATIONS THROUGH P.E.P. CORPS MINISTRY

People EncourAGING People

Lutheran Church Charities continues to be a blessing to thousands of people, younger and older, through their many ministries of caring and supporting people during disasters and hardships of life, all in the name of Jesus.

A new ministry opportunity is evolving, called the P.E.P. Corps, which connects the younger and the older generations in personal and meaningful ways, with P.E.P. meaning "People EncourAGING People!"

Working through Lutheran Church-Missouri Synod (LCMS) churches, high school and college students are connected with older adults and put in ministry range of one another through phone calls, letters, on-line relationships, and prayer. These P.E.P. Corps relationships will develop and last for a few weeks, a month, a year, or forever, depending on the individuals' needs, schedules, and situations.

LCC will initiate these P.E.P. Corps this summer of 2020 to model and test this ministry approach, learn from it, and develop it further as the Lord leads and guides. LCC is seeking your input, suggestions, questions, and involvement in our new P.E.P Corps ministry!

After all, this is what the Church is all about - People EncourAGING People, in the name of Jesus!

I'm full of P.E.P. – How about you!
